AT OUR BEST

Being the best is a state of mind. The students and faculty of Huntington High School possess this state of mind. We are ever striving to accomplish the greatest of our abilities in all tasks of school life whether it be getting to class on time, or passing that very important test. The students are encouraged to do their best in classes and extracurricular activities by their teachers and advisors. Huntington is one of the highest rated high schools in Caddo Parish.

Huntington didn't just receive the reputation of being the best. The students at Huntington are always being competitive and striving for success. Being a Raider means something to all of us, and together we always come out on top. We are a success at being our best.

DOING OUR BEST

At Huntington High School, every student is an example of a youth doing his best, no matter what the task. Many of Huntington's students belong to activities that rate as the best. The Raiders have a successful past in all aspects of extracurricular activities.

As Dr. Archey always says, "If you believe it, you can achieve it." This has become a guideline at Huntington. We always try our best even though we don't win every time. Doing your best is all of being the best. That's what we believe here at Huntington, and as long as we're giving everything our best, we'll be the best.

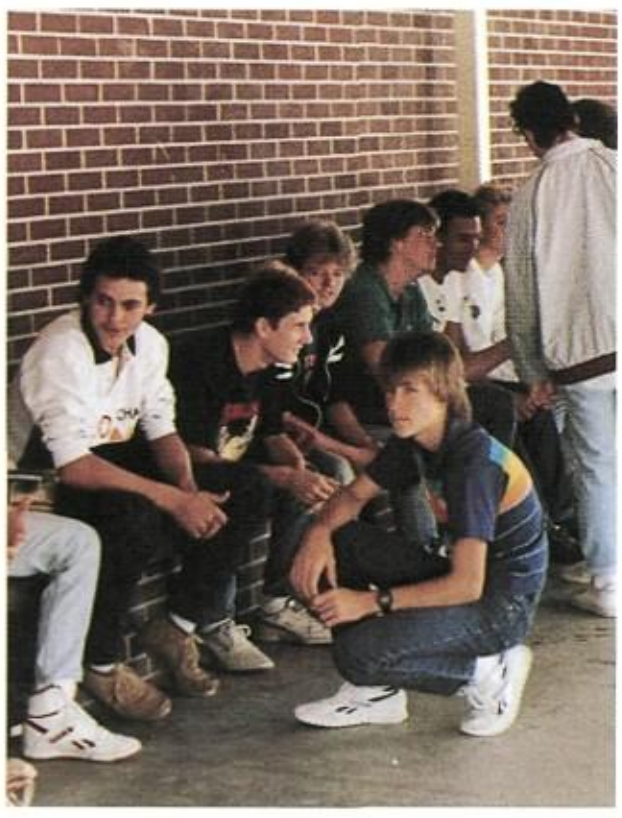
It's That Time Again!

Summer was over. The time had come to put away the swimsuits, start getting up early, and revive our Raider spirit!! It was time again to meet new friends and teachers, to learn those locker combo's, and rush to get to class before the bell rang.

Coming back to school meant several different things. For freshman it meant making a big adjustment, which for some was very exciting. For every student it meant homework. It also meant football games, club meetings, after school activities, dances, and getting to know old friends.

Mixed feelings were felt about returning to school by everyone. Most seniors were thrilled because they were fast on their way to graduation. Other students still had a few years left. But regardless of what grade a student was in, the 1987-88 year proved to be the berry best.



Hanging out before school is a favorite Raider pastime.

A New Look

Huntington Gets A $3,000,000 Facility

We opened the 1987-88 school year with a new attitude and a new look. A 3 million dollar addition to our school and a 2 thousand dollar PTSA landscaping project were developed. In this project, students and facility received a new gymnasium, a new auditorium, a new computer/math hall. This really helped boost spirit and pride in the school and the community.

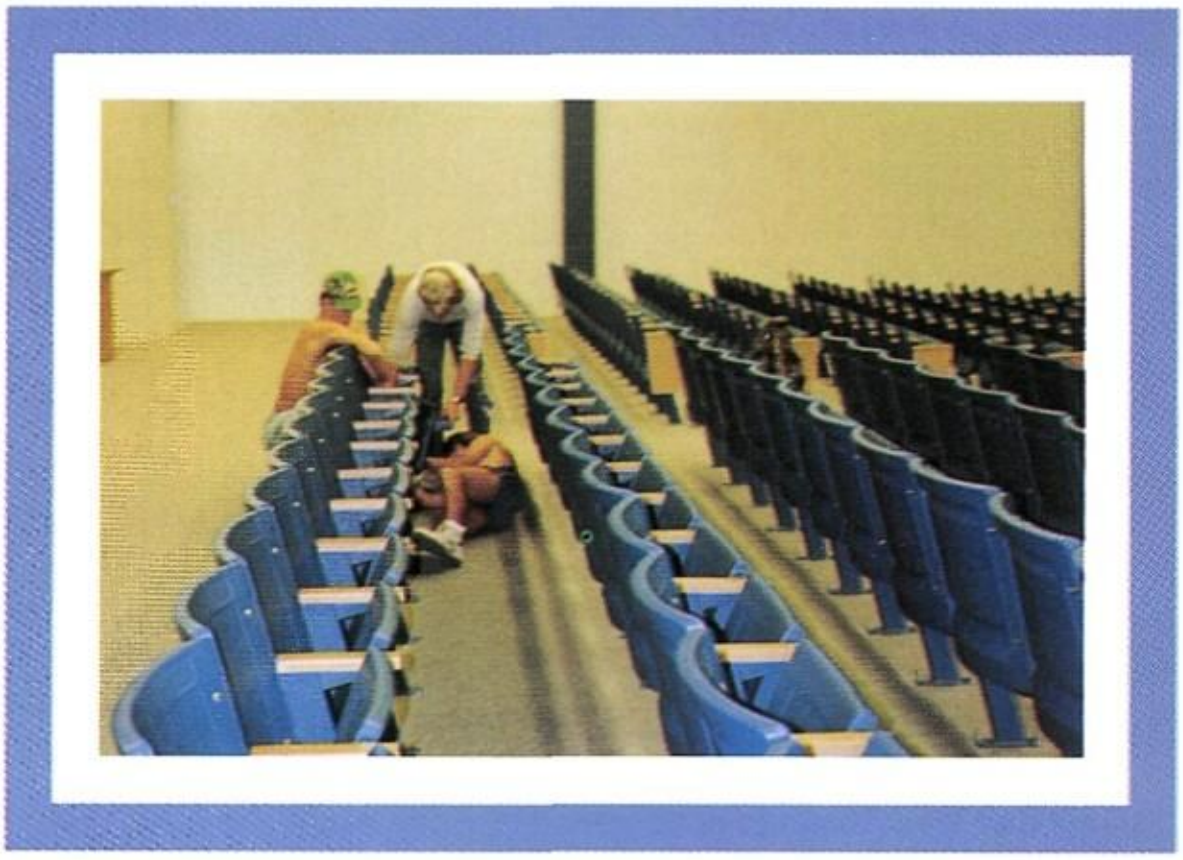
The faculty at Huntington looked forward to a new year. For the first time each teacher had their own individual classroom. A new computer/math hall really helped this matter. Huntington received one of the most modern computer labs in the parish. Teachers are very excited about this because this will be available for future years and will increase the learning atmosphere.

When Dr. Archey came to Huntington, there was no cafeteria, no auditorium, and the gym would only seat a third of the student body. During his reign as principal, he promised to try to get Huntington the facilities it had been deprived of. It took him ten years and a lot of help and hard work but his dream was accomplished.

Coach Procell and Leslie Stevens chat while admiring the new landscaping.

Dr. Archey shows the placement of Mr. Mays' memorial plaque to Mrs. Mays.

The Raider head on the new gym floor symbolizes our pride in our team and school spirit.



Workers strive hard to complete the new auditorium.

"My Advice To This Year's Freshmen Would Be . . . "

Study hard and strive for excellence in everything you do, when you seek to make your mark at Huntington, make it good by having a good clean record, and you can help make Huntington the best school ever.
Daryle Anderson

Be careful of the impression you give, because the first impression may be the last one you give them.
Roy L. Johnson, Jr.

Always work hard and never give up. If you give up, you will never make it. Don't get caught in the wrong crowd, because all they can do is lead you wrong. Be strong and never back down from anyone.
Bubba Parish

Always stand up for what you feel in your heart; it is right no matter what people say. Never be the talker, and mind your own business. Always be the best you can be.
Shannon Kirkpatrick

The only way to succeed in life is to think positive. Always strive for the best in life. Look out for yourself, because nobody else will.
Mechell Davis

Try to do your best and learn as much as you can, because you will achieve more in life.
Sharon Dial

Freshmen: Work together, because the people you are entering the school year will be there for four whole years. They can help or hurt you.
Tracy Teleschak

Strive for academic excellence, and never give up or get discouraged. Value your relationship with your teachers and classmates, because they are very important.
Sabrina Malmay

Keep up with all of your work, don't be absent from school all of the time, and most of all learn to have as much fun as the Class of 88!

Aspects Of Spirit

Spirit!! Spirit!! Spirit!! The 1987-88 year was filled with Raider spirit. Who helped promote that spirit? Cheerleaders, the First Mates, the Silver Treasures, the H.H.S. Band, the Majorettes, and Seniors!

Because we had so many students, the pep rallies had to be split, that is half of the students went one week and the other half went the next week. But that was no problem for the mighty Raiders, who survived with even more spirit. There were many ways that the Raiders showed their spirit. One way common to most Raiders was by wearing our new Raider Rock t-shirts. The juniors had skull and crossbone signs, the seniors had eye patches and everybody wore their spirit ribbons. The competition was tough between classes to try and win the spirit stick during pep rallies. This also helped to promote school spirit. But the most important aspect was attendance at games. Our team lead us to a victorious year with the help of that Raider spirit!!

The pep-squad really shows their spirit at a pep-rally.

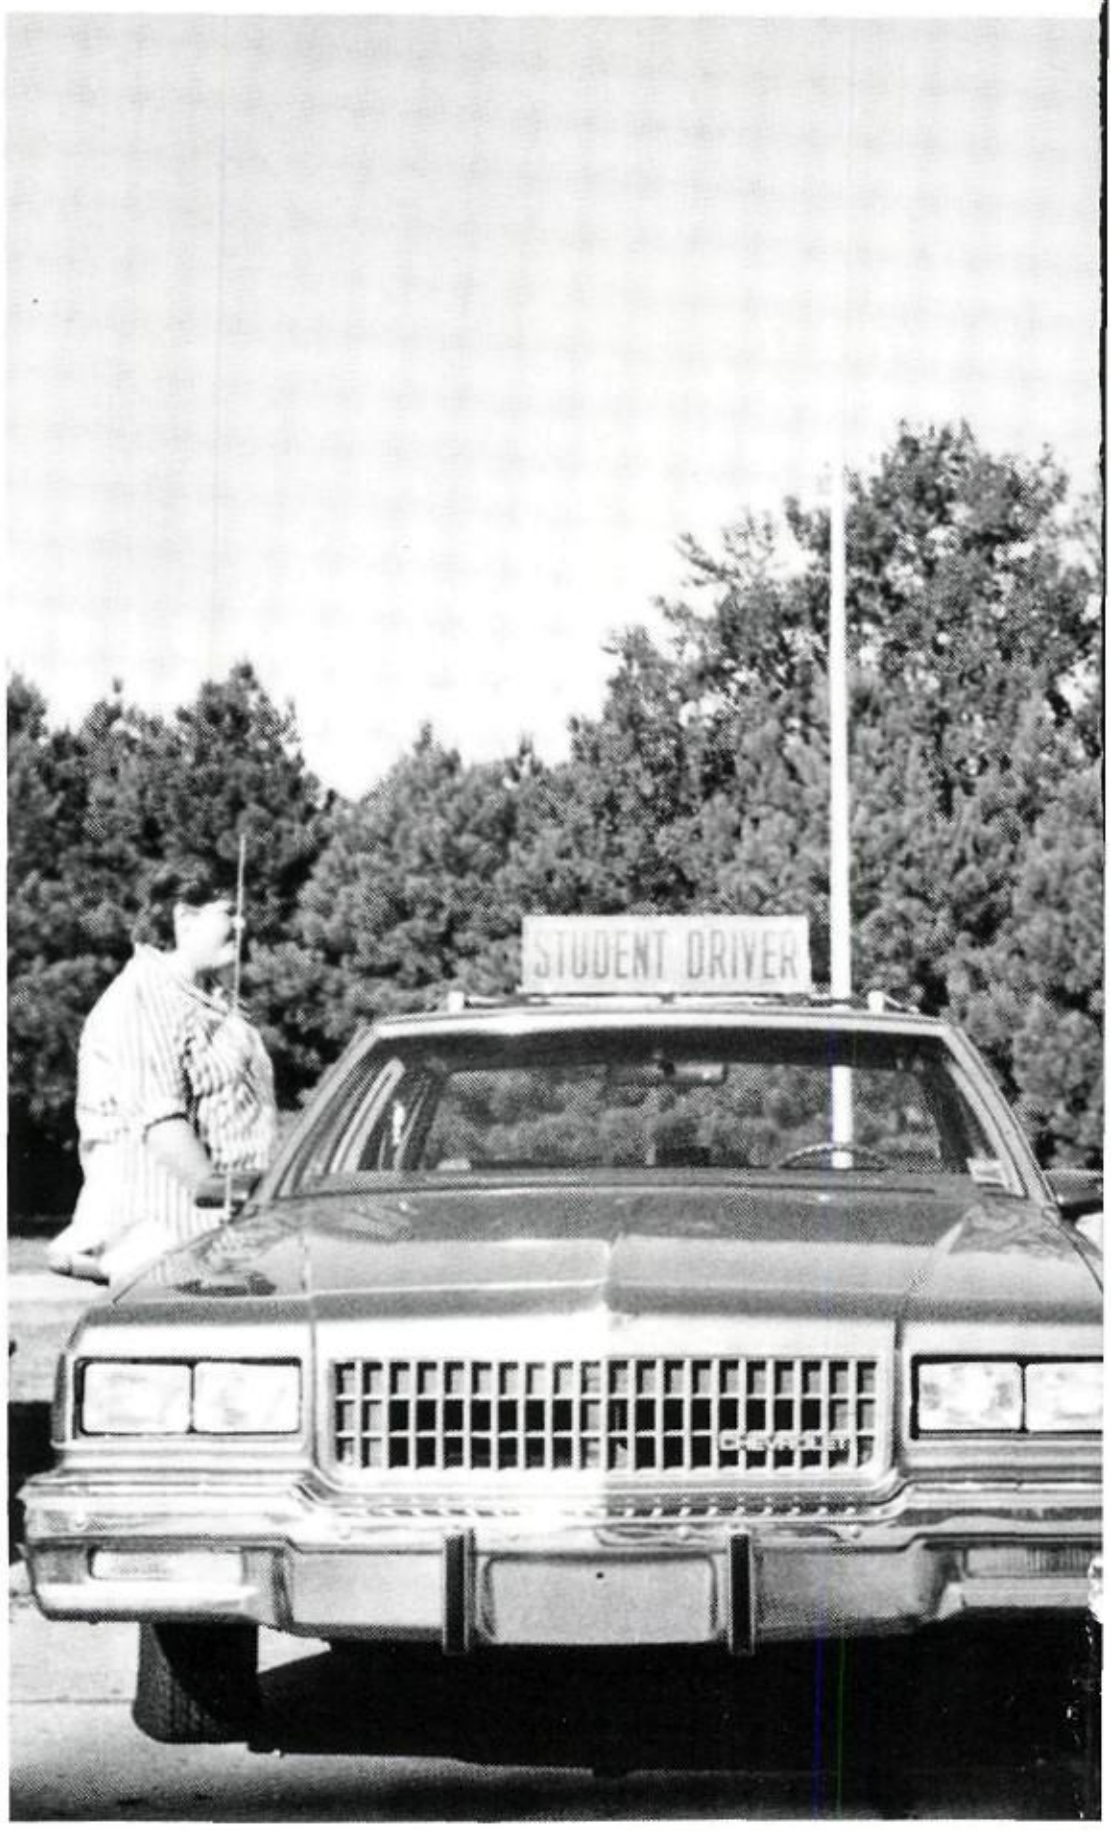
After totaling her car, Michelle Bowden decides to observe for awhile.

Freshmen Wendi Bryant and Matt Almand wait for Coach Hurst to take them driving.



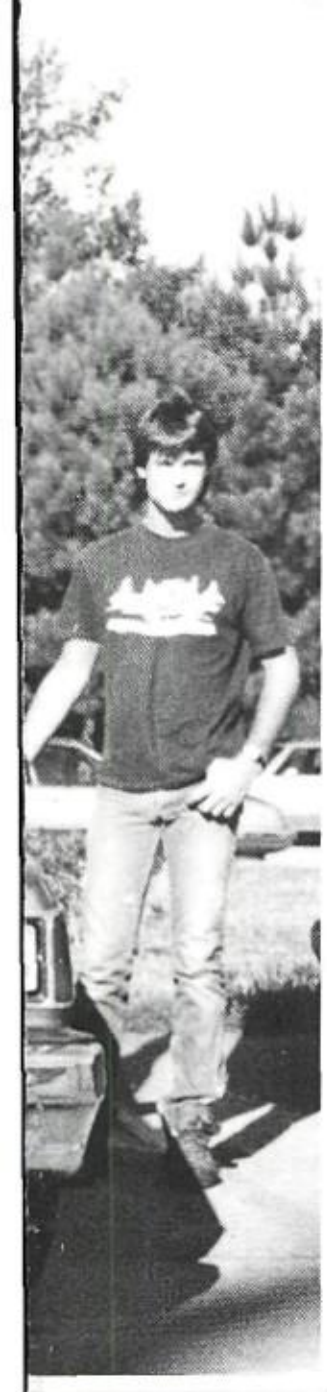
Bumpy Ride Expected

Ah, the memorable experiences that Driver's Education leaves us with. Thirty hours in the classroom left the students with writers cramp, and hours behind the wheel left the instructors with a case of shot nerves.

Many underclassmen spent their Saturdays and free time taking Driver's Ed., so that one day, they too can drive. Coach Windham states, "My most memorable experience was with a Senior that I thought could drive. As she pushed the accelerator, she turned the wheel all of the way, and we landed in a ditch."

Many of the students said that the worst part of the class was watching the films. "They were really gross!" exclaimed Sabrina Malmay when asked her opinion.

Although some students only took the course for a half credit or for lower insurance costs, many took it for safety, and to have fun, while learning to drive.



Freshman Darrick Kinchen is caught in the act of trying to make smooth getaway in the driver's ed. car.

Studying for a driver's education test, Nekeisha Walpool, Kelli Blanchard, and Iesha Turner compare notes.

Close To The Heart

Dating plays a big part in every high school and Huntington is no exception. Couples at Huntington seem to be forming daily. Some couples have been a familiar sight around campus for more than a year; others, however, just seem to date around.

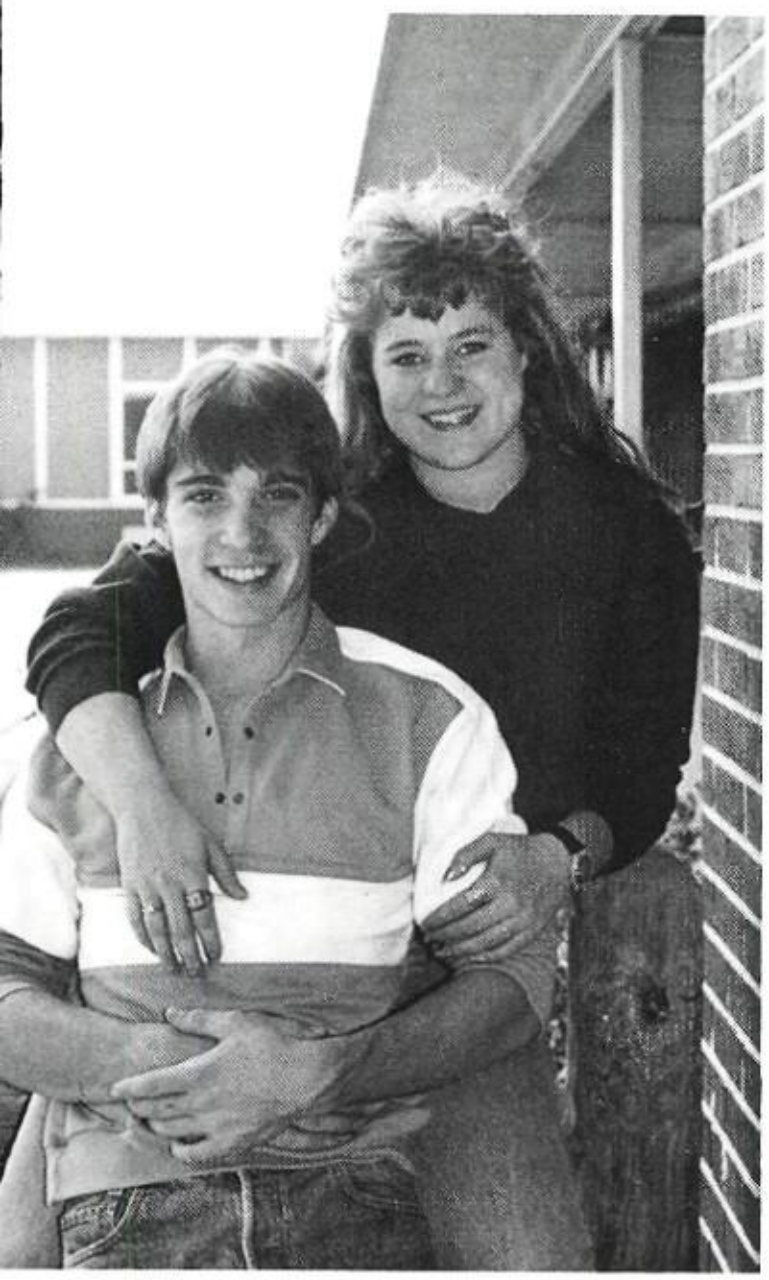
On the weekends, guys and gals go to movies, parties, or just hang around McDonald's. Lamar Goree, a junior, says, "Spend a lot of time becoming friends, and impress their parents." Laura Wiggins, a sophomore, says, "Compromising is the key to a lasting relationship."

Dating is not all fun and games, however; there is some learning involved. Now is the time when manners, social etiquette and feelings toward the opposite sex evolve. Who knows-some of the couples could be returning to their high school reunions together!!

Kim and Lamar are in for a long term relationship.

Ashley and Paul are a one of a kind pair.

Jeannie, Dusty, Laura, and Mike are two of the most familiar couples at Huntington.



Denise and Willie make a cute couple.

Jason and Lori have shared many special moments.

Let's Go A.P.E.

Adapted Physical Education, or A.P.E. as it is known here at Huntington, is for students who have been tested and diagnosed as having motor defects. The students in A.P.E. welcome Ms. Penny Potter to Huntington. She tells us in order to teach A.P.E., you must have 24 hours of P.E., plus 18 hours of specialty classes. There are 25 students now taking A.P.E. at Huntington.

A.P.E. is similar to regular P.E. except the activities are usually modified, and rules changed to adapt to the students ability. Some of the activities that will be covered this year are soccer, tennis, basketball, bowling, weight training, board games (such as chess, cards, Scrabble, etc.), track, horse shoes, archery and badminton.

Students are able to improve muscle tone and physical strength with exercise and weight training in A.P.E. Coordination and agility are improved with many of the activities, as well as the students confidence is boosted and self-image increased. Life time sports are learned.

Two units of A.P.E. are required for students working toward a diploma and are unable to take regular P.E. Those working on a Certificate of Achievement are offered the service, but are not required to take it.

Fatima Ubeda and Kacee Taylor concentrate on a game of chess as Ms. Potter looks on.

Sharon Brown enjoys a game of p

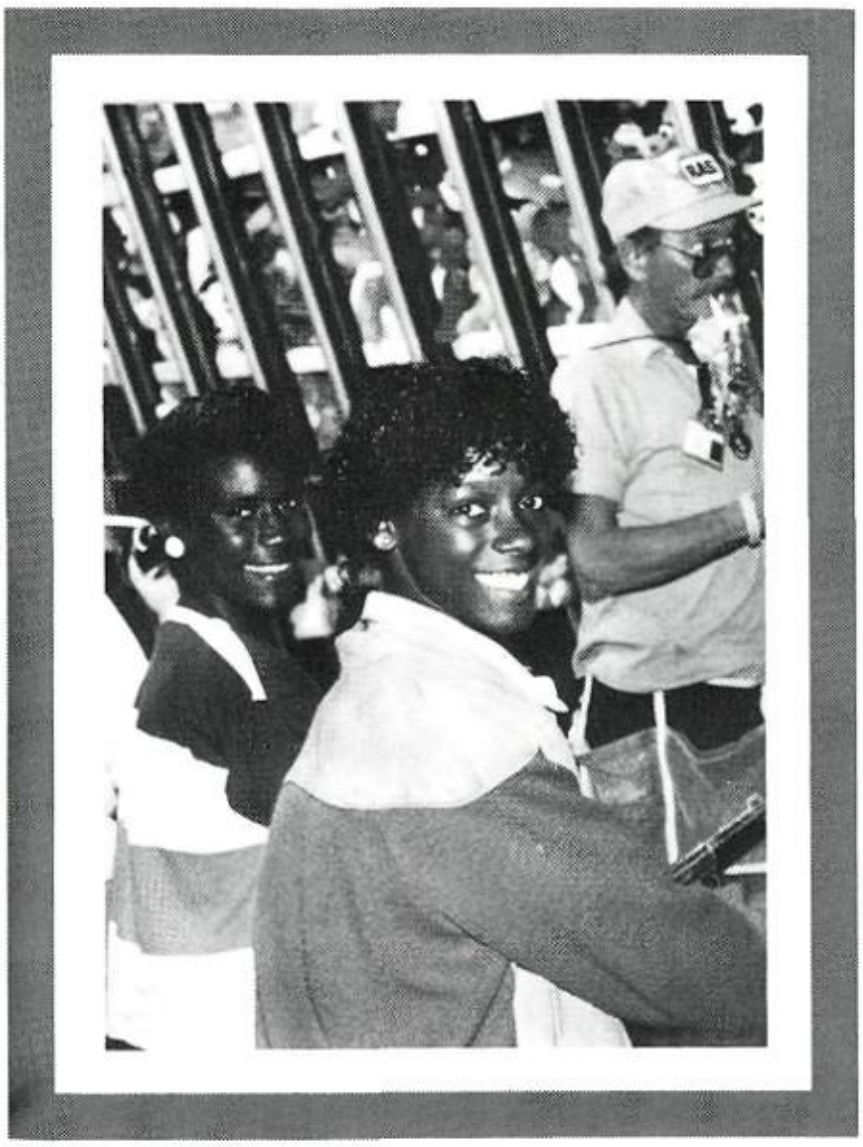
Bill Erhart likes to clown around during a game of badminton with Ms. Potter.

"I really love teaching A.P.E. because I feel like I'm really giving something beneficial to the students I serve. I also feel the students are much more willing to learn and do activities than students in regular P.E. classes."

Ms. Potter's third hour A.P.E. class really likes the game of two-ball-pass drill.

Make it! Make it! Make it! Oh, she didn't make it.



Go ahead-make my day!

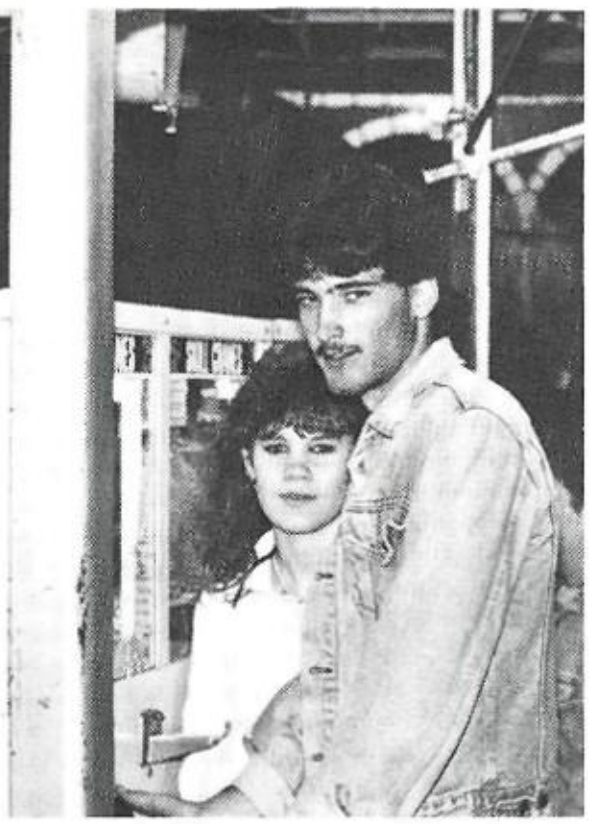
Friends together again.

Meet Me On The Midway

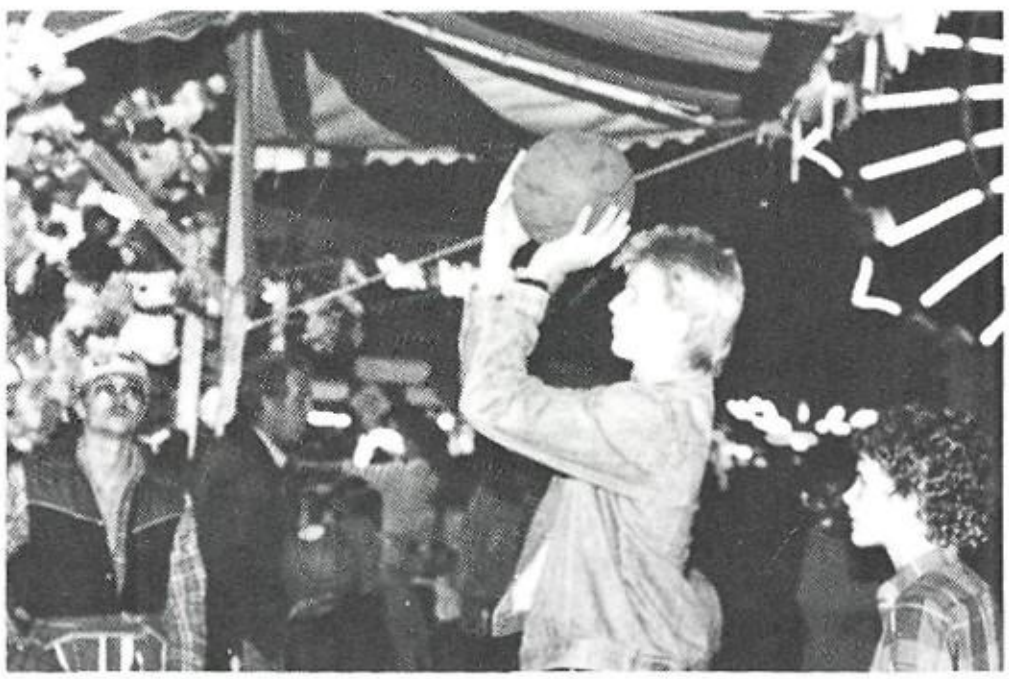
HHS students are always ready to have fun and one of the best places for that is the Louisiana State Fair. Luckily for the Raiders, Shreveport is the proud host of the fair, so we don't have to travel far. Riding rides, eating great foods, playing difficult games, and seeing exotic animals are all part of the fair. But the best part is walking around with your friends and having a good time.

Some students want to find out which ride is the wildest and craziest. They do this by riding everything they can. Others have just one ride. If they can ride just that one ride, then they will be O.K. until next year. State fair food is always exciting. Foot long hot dogs, meat pies, candy apples, elephant ears, cotton candy- all these foods are best when bought at the fair. Then there are the games. Giant teddy bears are always the best prize and the hardest to win. But of course every girl wants her guy to win one for her.

The fair is something we look forward to every year. It is a tradition in our town that both young and old enjoy. This year some of our students tried their luck playing games. Did they win? Well, some did and some didn't. But everyone will remember the fun they had at the state fair!



I hope I can slam this!!



I wish he would win me a teddy bear!

Girls' Night Out

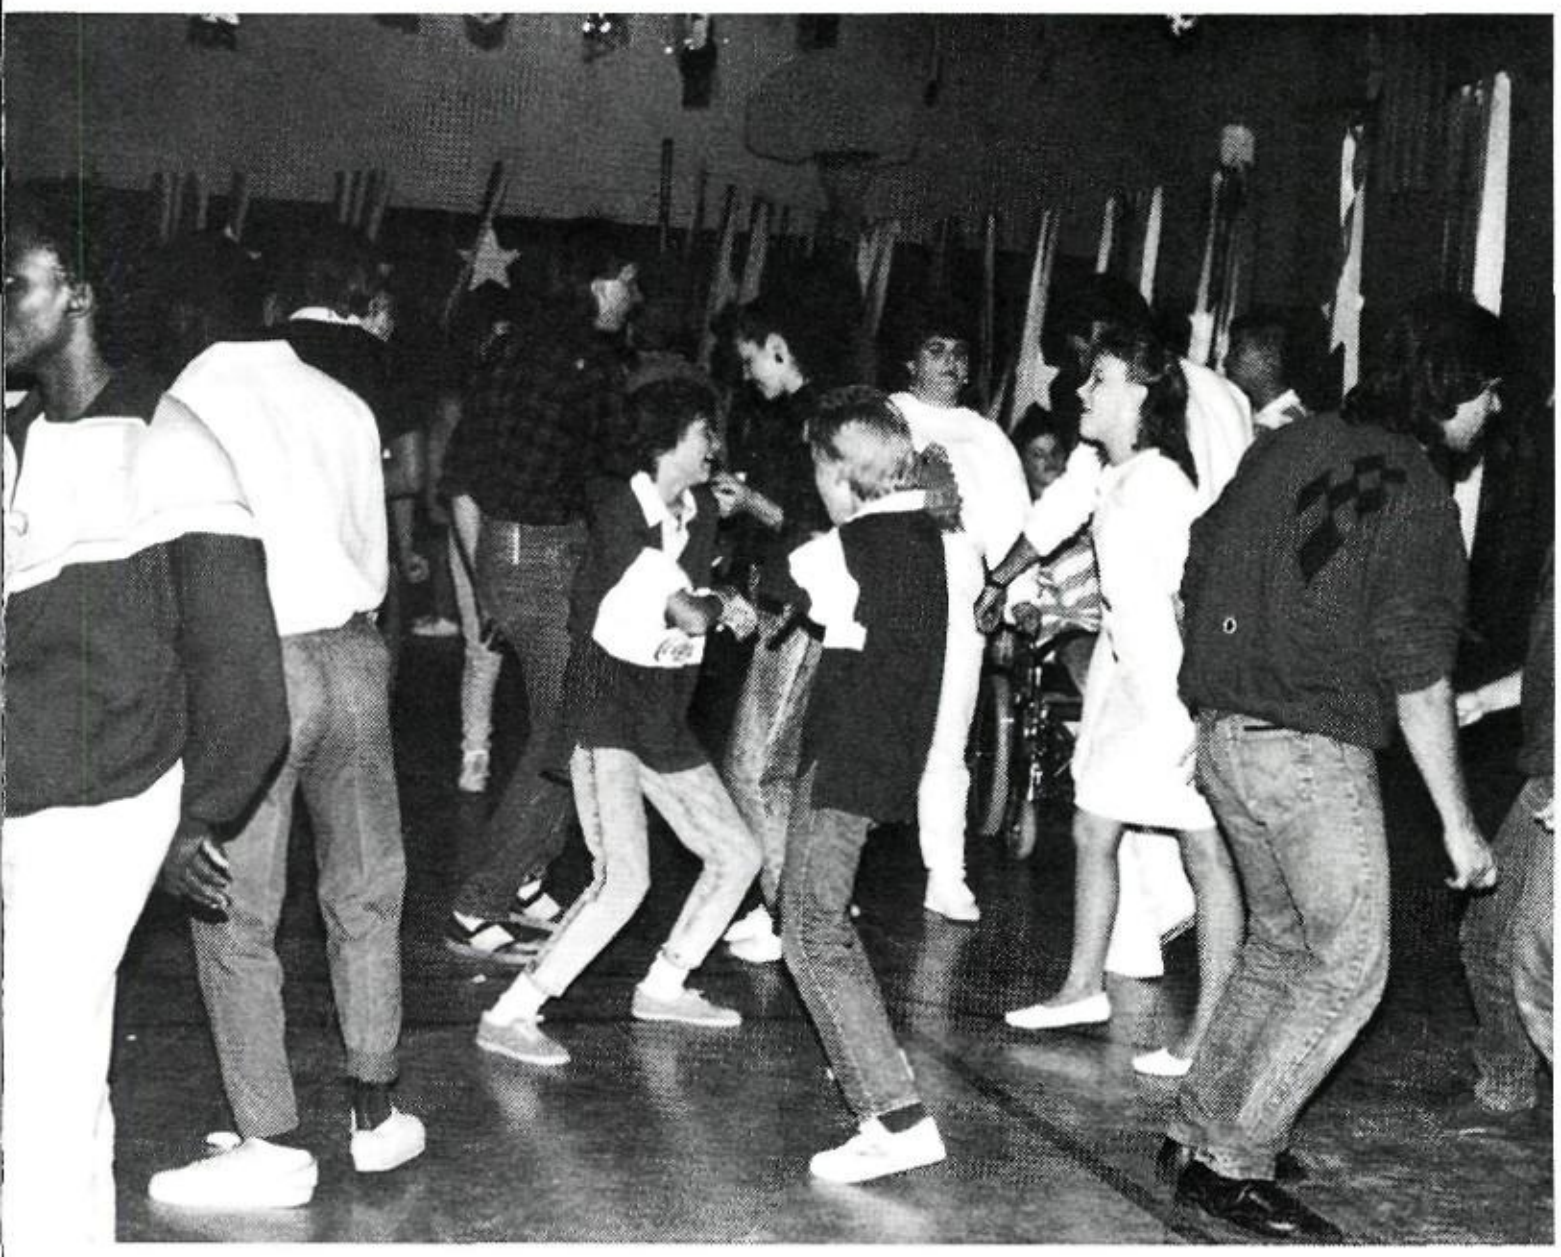
Each year we have the traditional Sadie Hawkins dance which is the old custom of the girl asking the guy. This event, which was December 4, is always one of excitment and is something memorable. "Winter Wonderland," which was this year's theme, really helped boost-off the Christmas spirit and helped us look forward to the new year.

At Huntington, the girls choose matching shirts and take the guys out to dinner. After arriving at the dance she purchases pictures, usually gets married (which ends at midnight), and takes him on the dance floor to dance the night away.

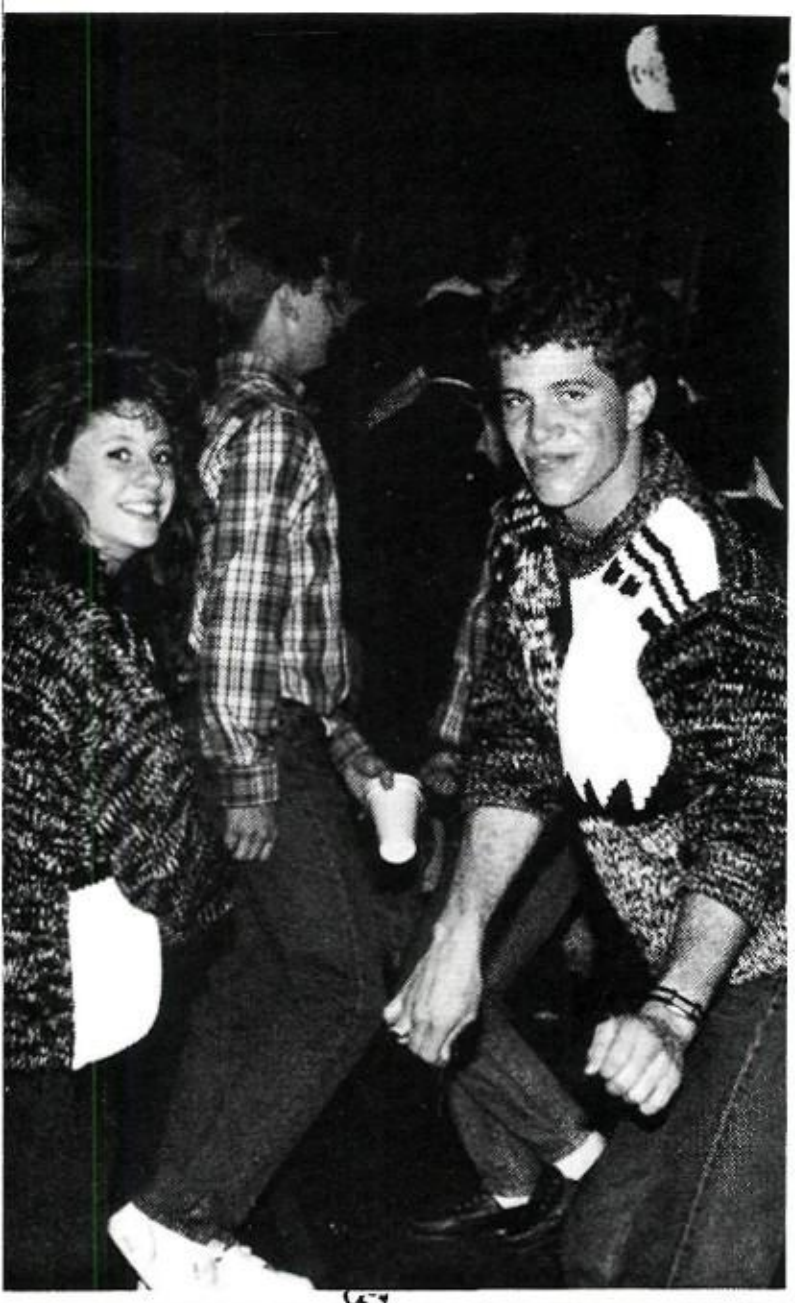
As with any school function, there is some learning involved. Each girl ends the night with better appreciation for the guys. The guys' love this because it helps the girls understand what they go through.

Explain this, Kacee!!

Here these girls left their dates to get down, get down . . .



Everybody's jammin' to the rhythm.



Monica Richardson, who are you looking for??

Jason and Cindy were steadily juking!

SCHOOL AFTER CHRISTMAS

Christmas comes
And goes away too soon.
I wish that it
Would come again in June.

I'm very fond
Of every Holiday
But Christmas time
Is different in a way.

There's Santa Claus
And all the toys he brings;
The Christmas tree
And — oh, a thousand things!

But every time
It's over with soon.

I wish — I wish
It came again in June.

On Nightmare Rasberry

You wake up Monday morning and all of your jeans are still in the washing machine. Somebody didn't put them in the dryer last night. Or maybe there is no electricity, and you can't dry your hair when you get out of the shower. We have all had days like this when everything seemed to go wrong. No matter what you do to prevent these nightmares, you have at least one per year and sometimes more.

There are many things that can cause a day to be a nightmare. For example, dropping all or half of your books in the middle of the hall. Sometimes you get to class and realize that the homework you did last night is still on your desk at home. We asked some students and teachers what they think a nightmare day would be. Here are some of their responses . . .

"When you drive the oldest car on campus." **David Fulco**

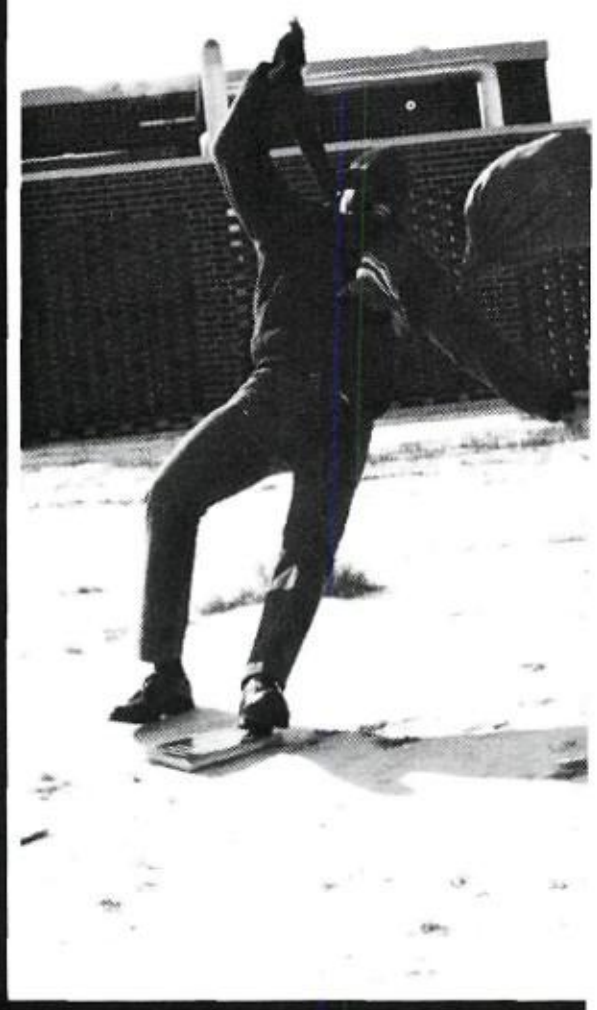
"When I have to drive my dad's loud, big, old and muddy truck to school!" **Michelle Bowden**

"Going to school with Rick Brown and Clay Goodwin!!" **Staci Klotzbach**

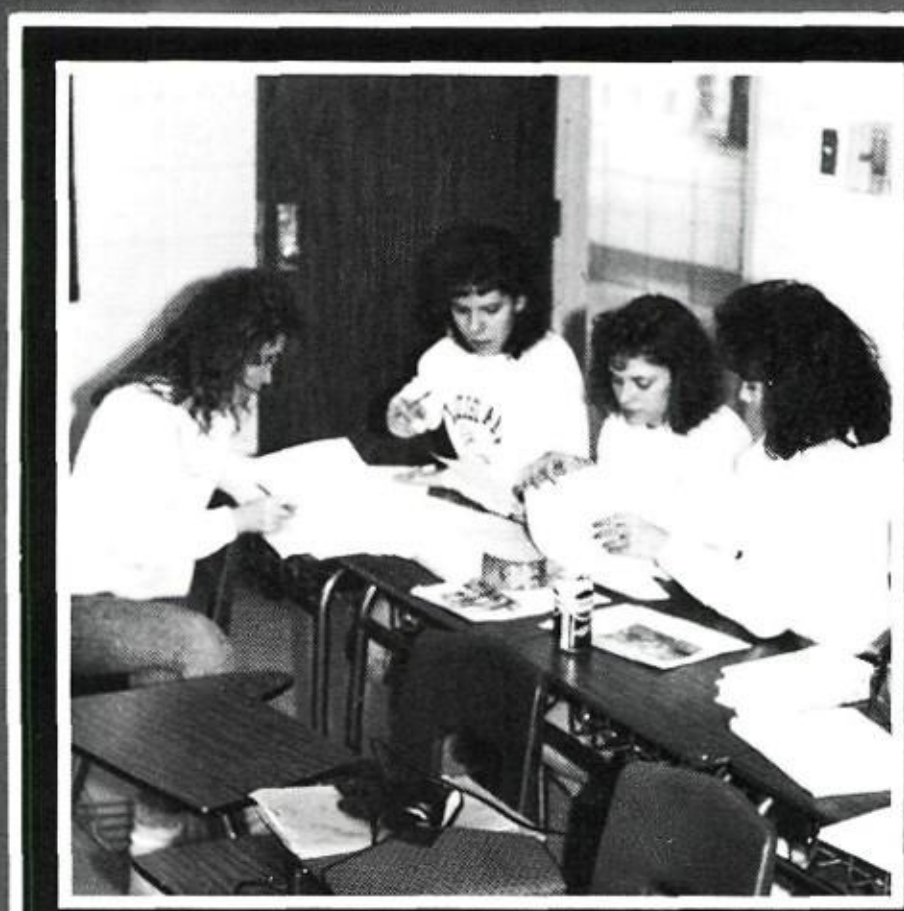
"Wearing my ROTC uniform on the wrong day." **Lamar Goree**

"Coming to school and finding out that Lamar isn't here" **Kim Jones**

Caught in the act . . . Ronnie Harrison and Allan Jackson's attempt at cheating results in a '0' on this assignment.

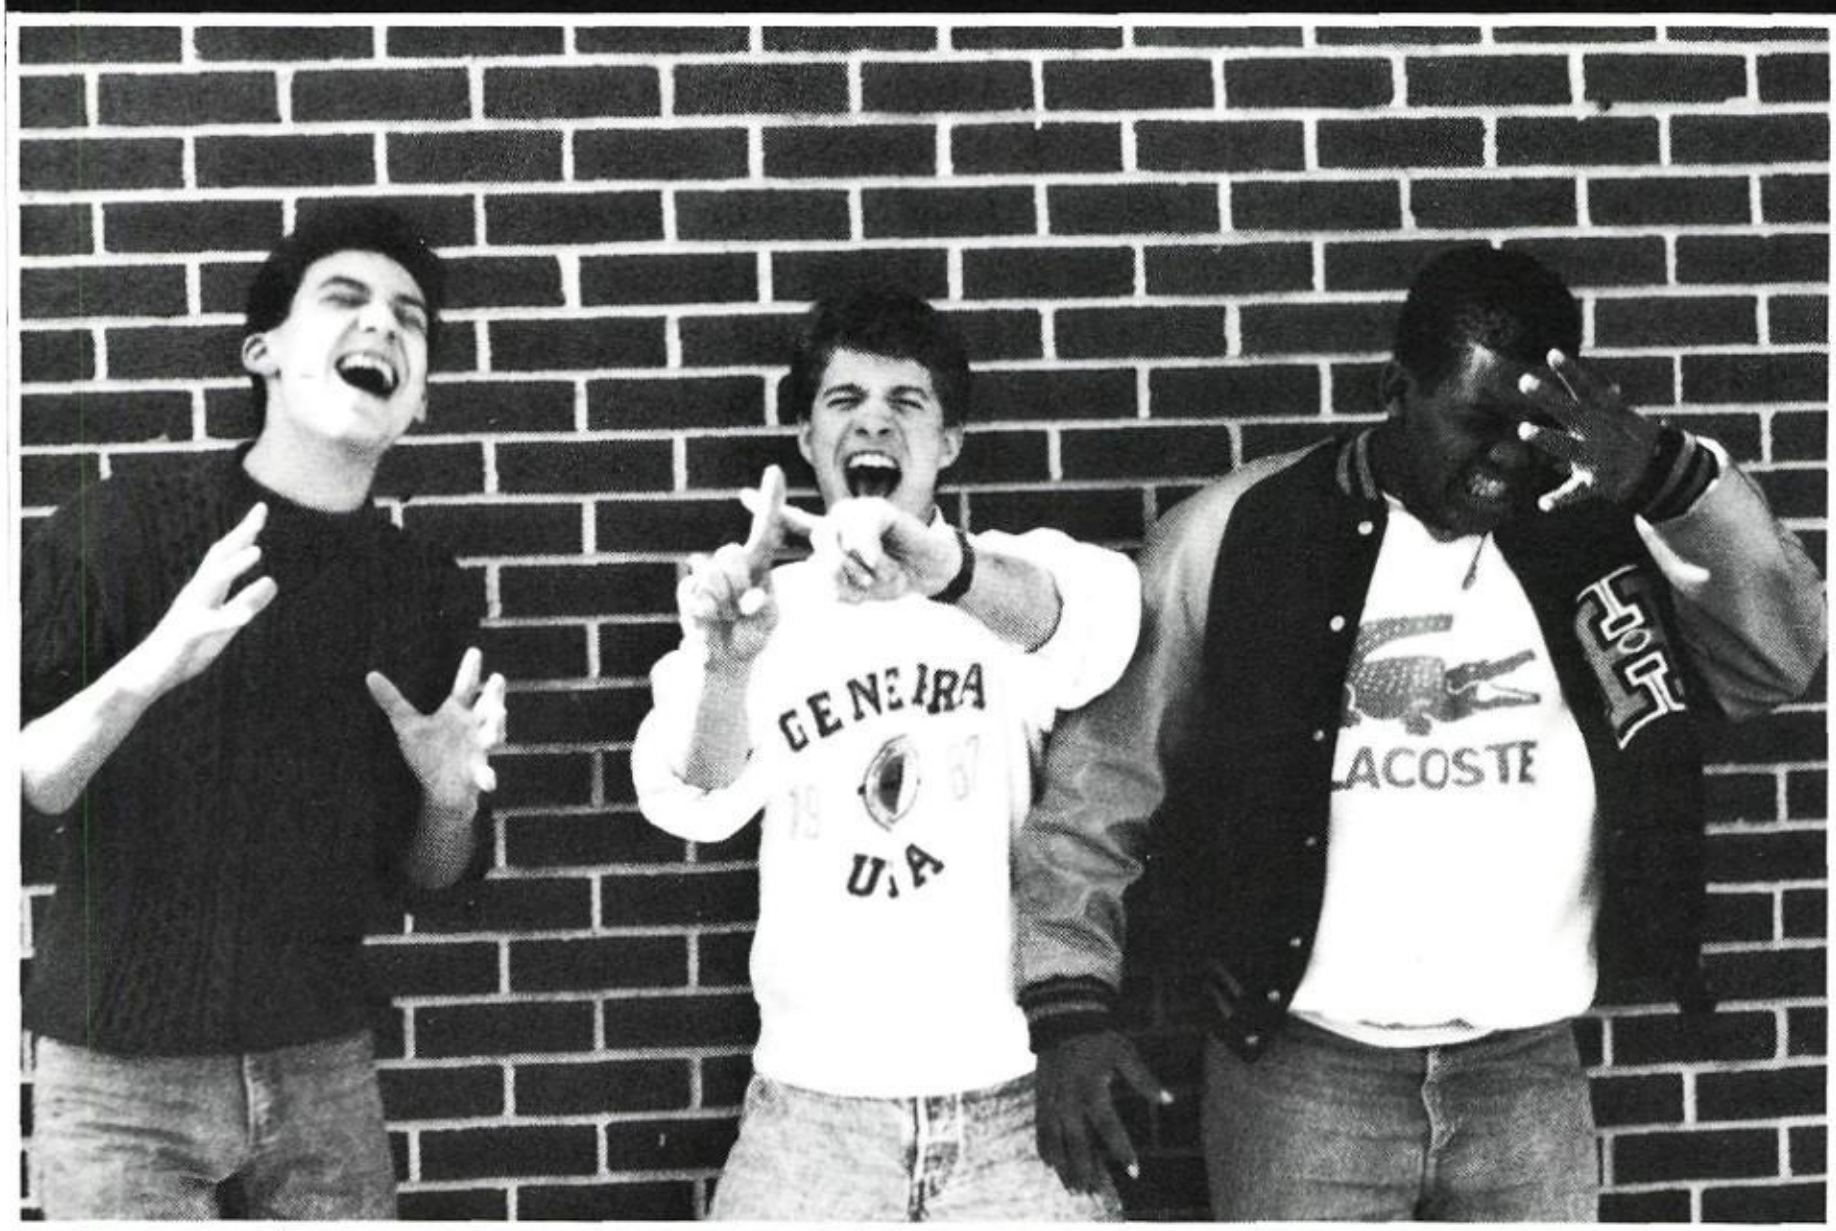


The icy conditions on January 11 se this student sprawling.



The snow and ice days we missed in January were a holiday for everyone but these yearbook staffers who had to work overtime to meet an important deadline.

Jenni Smith prays that no one will notice that her electric rollers were on the blink this morning.



Too late! These guys have seen Jenni sans makeup and rollers!

Ghosts Of Teachers Past

As difficult as it may be to imagine, teachers were once teenagers, too. In spite of their very proper classroom demeanor, many of our teachers have skeletons in the closet and/or accomplishments from those years that might surprise you. For example, did you know that:

Mrs. Craig was captain of her high school basketball team at Many High School?

Mrs. Washington was a cheerleader (!) and, as hard as it is to believe, was president of her French Club at Notre Dame High School?

Mr. Wilson asked nine girls to Homecoming his freshman year at Centenary? All nine turned him down!

Mrs. Cole was also a cheerleader and was "class favorite" three years in a row at Fair Park?

Mrs. B. Clark was Student Council Treasurer and Yearbook Editor her senior year at St. Vincent's?

Ms. Sarpy was a "holy terror" in the 9th grade? She was always the first to be sent to the office when the class had a substitute.

Coach Reynolds was #1 on the Fair Park tennis team and was a freshman favorite?

Mrs. Barnes and *Mrs. Belanger* were both National Merit Scholars?

Mr. Meredith was a real "lady killer"? He never had fewer than four or five girlfriends at a time.

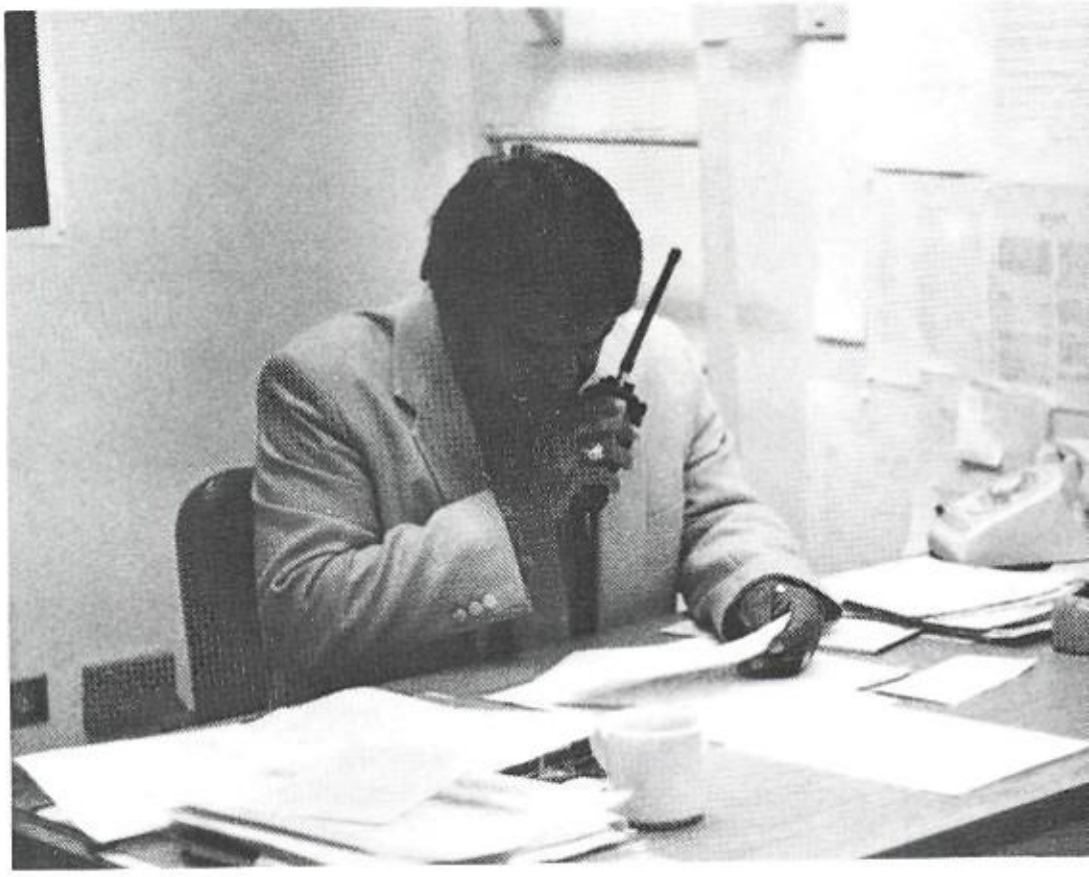
Mrs. Dutta was a table tennis champion in Shillong, India?

Mrs. Colbert didn't have a single date her senior year at St. Vincent's?

Mrs. Potter played Dorothy in Leesville's production of "The Wizard of Oz"?

This teacher was an honor student and was in the Chemistry Club, Pep Squad, and FBLA.

This English teacher is pictured with two friends following her graduation from TASIS in Switzerland.



Coach Procell still holds the national high school basketball record for most points scored in a single year. He'll soon be inducted into the Louisiana Sports Hall of Fame.

This well-known faculty member was both a basketball and track hero in his high school years. He averaged 25 points per basketball game and was the Indiana state champion in the 880 yard run.

This currently short-tressed teacher had hair that hung past her waist when she was in high school.

Joe Ferguson and Terry Bradshaw were once interviewed by this Huntington coach when he was sports editor of his newspaper at Woodlawn.

The Best & The Rest

The price is right- right now, but what about ten years from now? Most students don't think the prices of today are too bad, but our parents probably think alot different. How would you like to be able to pay ten cents for a cheeseburger, fifteen cents for a coke, or twenty cents for a movie ticket? Well those days are long gone, therefore we need to look toward the future. Ten years from now how much will a gallon of gasoline cost or mailing a letter? The items listed are just a few of the more popular products of today and their average prices around our area. They are printed here so you can always remember them because they probably won't be here long. One day you'll be able to look back and say, "I can remember when things were a lot cheaper."

Who's Who

Leaders

On August 5, 1987, three boys and five girls from Huntington set out for LSU-Baton Rouge to learn about Louisiana government. They made speeches, laws, and held numerous offices on the city, parish, and statewide levels. As they were separated into different cities and parishes, students ("citizens") made many lasting friendships and enjoyed working with the future leaders in the government of Louisianna. A lot of fun and hard work with competitions of sad songs, fun songs, chants, and banner paintings lasted for one short week; although the memory of Girls State and Boys State will last a lifetime for these students. The following offices were held: Ramona Green-Senator, Chaplain of the Senate, Outstanding Speaker of the Senate; Brigitte Lee-School Board; Teresa Lee-House of Representatives; Denise Browder-Secretary of State; Staci Klotzbach-Mayor; Jen Courtney-President of School Board; Clay Goodwin-City Council; and Jason Strain-District Attorney of the Parrish.

Dedicated To One Goal, Our Principals Form . . .

A Winning Combination

Dr. Thomas Archey, supported by Assistant Principals Howard Clayton, Jimmy Benefield, and Greg Procell, heads Huntington's administrative team. Educated at Grambling, the University of Indiana, and East Texas State University. Dr. Rachey tries to instill his philosophy of positive thinking in his staff as well as his students. He believes that, "As long as you keep trying, there's always a chance." He particularly admires men like Robert Schuler and Martin Luther King.

A Principal's Opinion:

A Winner Never Quits;

A Quitter Never Wins.

A high school and college athletic star, Dr. Archey stays in shape by running competitively and participating in other sports. He is a sports enthusiast and has a wide variety of other interests, including photography, genealogy, real estate, and music.

Dr. Archey went into administration so that he could remain in close contact with the students he formerly taught. He believes a good teacher should love children and dedicate himself to academic excellence.

Cornell Johnson jukes the so called "FANTASTIC Defense" of Minden.

Joey Presley watches in amazement as the Raiders are stunned by the Crimson Tide of Minden.

First And Ten

Coach Tony Rhodes summed up the 1987 football season by saying that not making the playoffs was a great "disappointment." The season started Sepember 3 with a great last quarter victory over Mansfield. According to Coach Phillip Williams, "The Green Oaks game was the best the team played all season even though it was a 20-20 tie." The students at Huntington considered the next game against Minden, to be the seasons worst, as they defeated us with little difficulty. The Raiders then began a winning streak with victories over Bossier and Haughton, and a homecoming victory over Booker T. Washington. From there it was downhill for the Raiders. After a humiliating loss to Byrd, we were also defeated by Woodlawn and Southwood. Determined to end the season with a winning however, the Raiders beat Fair Park in the last game of the season. Team member Lamar Goree said "We made up our minds to win!" The Raiders closed the season with a 5-4-1 record.

Looking ahead to the next year, the coaches are optimistic about the effect some changes will have on the team. Coach Jimmy Windham said, "We have a new strict discipline, attendance, and practice policy that will lead us to the 1988 state championship."

Hooping For The Best

The 1987-88 Lady Raiders were set to defend their five year district champion title. They started off their season by beating Minden at Minden. Then they took 2nd in the Fairpark tournament by defeating Class B State Champions Southfield in the first round, Woodlawn in the semifinals, but lost to Jonesboro-Hodge in the finals. The Lady Raiders then defeated Captain Shreve at Captain Shreve, Minden at home and Captain Shreve at home.

Next they traveled to Natchitoches and won first place in the NCHS Tournament defeating NC, Rapides, and Coushatta high schools. On December 28 and 29 the Lady Raiders competed in the Southfeild Tournament. They defeated Parkway and again beat Class B State Champions Southfeild, to take first place in the tournament. The Lady Raiders lost to Green Oaks at home in their next game.

The Lady Raiders were to play NCHS but it was canceled due to bad weather. Then it was on to district. In the first round we went 4 & 1, defeating Fair Park, Byrd, Southwood, and Woodlawn but lost to BTW. In the second round they beat Fair Park, Byrd, and Woodlawn and had to play Southwood at Southwood and BTW at home.

The team consisted of two Seniors: Shonda Anderson and Gwen Ellis; five Juniors: LaVonda Ellis, LaShun Jones, Jennifer Norwood, LaSonya Williams and Shelly Williams; two Sophomores: Deonne Beasley and Phyllis Williams; and five Freshmen: Theresa Foster, Youlanda Guillory, Shari Lindsay, Angela Simpson and Melinda Washington. The coaches for the Lady Raiders were Charlie Johnson and Asst. Coach Penny Potter. In the words of Coach Johnson-"It was five long months of Ups & Downs, Good times, Bad times, Good things and Bad things. We had a good year with good people who were young and should do better with more maturity.

Reaching Our Goal

The 1987-88 Huntington Raider Basketball team started their season off with a bang, first of all by beating Minden at Minden. Then they moved on to Green Oaks, but lost 51-50. Next they traveled to Monroe to play Carroll and they were defeated. But that didn't slow the Raider team down. As a team of their agility and standards they went on to win first place in the Byrd Tournament. Defeating Captain Shreve in the first round, Byrd in the Quarter-Finals, Mansfield in the Semi-Finals and Green Oaks in the Finals. The next two home games against Minden and Natchitoches Central, the boys won.

On December 16,17,18,&19, The Raiders traveled to Plain Dealing, and took first place in the Plain Dealing Tournament, beating Springhill in the first round, and Plain Dealing for the Championship. Then on January 5, the Huntington Raiders beat the Green Oak Giants 78-65. The next Tournament was on January 6,7,8,9 in Bossier at Bossier High School. The mighty Raiders also took First Place beating, Parkway in the first round, Minden in the Quarter-Finals, Bossier in the Semi-Finals, and West Monroe for the championship. On January 12, the guys beat NCHS in Natchitoches.

Then it was time for district. The boys started off by losing to Woodlawn and Southwood but beat FairPark, BTW, Byrd, and then Woodlawn. They have yet to play Southwood, BTW, FairPark and Byrd.

The team this year did the basic things necessary to produce an excellent season. They held fast to the fact that winners know three simple things, that being: To start — To play — and To win. Recognizing thus God has given us whatever successes have been accomplished, we thank him and pray constantly for His continued blessings on all our family here at HHS — Coach Walter Jackson.

Senior Thomas McLemore commented, "We play as a team and it's a team effort."

Senior guard Willie Bradford stated "We're not only teammates, we're family, and that unity we have developed is a key to our success."

On The Right Track

The '87 track team had the best year ever. After going undefeated in district, defeating teams such as BTW, Green Oaks, Captain Shreve, Southwood, and Woodlawn, the Lady Raiders also captured regional, and state championships.

Coach Frontha commented, "Due to a lot of hard work and dedication, the girls had probably the best season they could have had. The 1987 will definitely be a season to be remembered. Hopefully the '88 season will be just as successful."

The team members were as follows: Treserla Bell, Jr; Barbara Bolden, Sr; Troquel Eden, Jr; Gwen Ellis, Jr; Crystal Fisher, Fr; Tricia Haley, Fr; Tiffany Heard, Fr; Latrese Johnson, Jr; Debra Mack, Jr; Tammie Murray, Jr; Stacy Petterway, Soph; Sonya White, Soph; Calandra Wison, Jr; and Brosette Washington, manager.

State track meet results were as follows: 100 meters-Troquel Eden-1st; 800 meters-Babara Bolden-3rd; Hurdles-Sonya White-3rd; 400 relay-Sonya White, Debra Mack, Stacy Petterway, and Gwen Ellis-3rd; 800 relay-Gwen Ellis, Debra Mack, Stacy Petterway, and Troquel Eden-3rd; Long Jump-Troquel Eden-1st; Discus-Calandra Wilson-2nd. Most of the girls will be returning next year and the '88 year promises to be a good one.

Making Tracks

The 1987 boys track team had a tremendous year. They finished second place in the District meet and third place in the Regional meet. Five members of the team qualified for the State meet. Sophomore Reginald Davis placed third in shot-put and received All-State honors. As a team they scored the most points in one season and they set five school records. The 1988 team should be very strong because seven members are returning. They are: Reginald Davis, Cedric Washington, Jerme Marshall, Mark Tucker, Roderick Burris, and Demetrice Browder.

Raiders Lose Heartbreaking Bout In Playoffs

The '87 Raider Baseball team had high hopes of running away with the District 1-AAAA title. Although they were runner up in District 1-AAAA with an 8-2 record, the Raiders were spiritually crushed by a 2-1 loss to Barbe of Lake Charles in the playoffs. The Raiders played a "picture perfect" game according to Coach Williams. "We played well enough to win, but it just wasn't meant to happen." The Raiders committed two costly errors that resulted in two Barbe runs. The Raiders had their chances. With bases loaded and no outs in the 1st two innings, the Raiders couldn't score! According to Coach Williams, "That was the best game we played all year!" The Raiders had a "good season" and finished with an overall record of 14-5. The coaches did an excellent job with the team. They made some good decisions involving players, and did a great job of alternating pitchers. "The beginning of the year started real slow. We experimented with some young players in the non district games. We tried to play the Seniors as much as we could and hoped that they could get a starting role. After a few games we looked at statistics to decide our starting players." The team started out with 28 players and dwindled to 18 after final cuts. Coach Reynolds was asked his choice for most valuable player. He responded, "We didn't have one outstanding player; we stressed teamwork and not individuality! We had the best team we've had in a long time! "The Raiders have several players coming back from last year's team. They are looking strong and have a good chance of repeating.

Softball Team Makes Playoffs!

The 1986-87 Huntington Lady Raider Softball team had a very impressive season. Penny Potter, the softball coach, said, "It was a very good year, even though it did not show at times. Next year will be better and most of the team will be coming back because they were mostly freshmen and sophomores." The team went 3-1 in district play and were to play Bossier for the first round of the state playoffs. The two teams had met earlier in the season with Bossier winning 4-2.

The game was played at Country Day on April 20, 1987. The starting lineup was as follows: Shelly Williams, catcher; Jennifer Norwood, pitcher; Angel Foster, first base; Deonne Beasley, second base; Nikki Nichols, third base; Jennifer Hilliard, leftfield; Monica Hilliard, shortstop; Susan Craig, centerfield; and Tammy Smith, rightfield.

The Lady Raiders were the second team to make it to the playoffs in two consecutive years. The team played a very good game but were defeated 14-5. The shortstop, Monica Hilliard, commented, "We worked hard and next year we plan to go to state. Most of the team will be back, so we would have a good chance." The motto "Raiders never die" will carry them into their season to come. Kim McAlexander, outfeilder, said, "I think we had a good team, but next year we are going to strive to be the best and try to go to the top."

We would like to congratulate Prudy Coleman, firstbase, and Tammy Smith, rightfield, seniors 1987.

Coaches for the 1986-87 season were Penny Potter, head coach, and Cris Culpepper, assistant coach.

Kim McAlexander relays to second.

The 1986-87 Soccer Team made history at Huntington. They were the first soccer team ever formed at the school. They were known for their aggressiveness and strong endurance.

Although the team didn't have a winning season, many things were gained in soccer skills and in friendship that will make a difference in the future.

1987 State Champ Perry Moss

Up To Par

Everyone at HHS should be proud of our 1986-87 golf team. For the first time in the history of our school they qualified for the state tournament at LSU. Our only girl golfer, De'Lisa Mitchell, qualified for the girls state tournament. Our boys placed eighth among nineteen teams and Perry Moss, who is now playing for LSU, won the overall tournament to be the state champ for the second consecutive year. He qualified four years in a row and was the team M.V.P. When asked how the season started, Coach Procell remarked, "We started out fast and slowed down at the end. My biggest surprise was seeing how much Peyton Boddie improved his game." The 1987-88 golf team should be strong even through Perry and a few others have gone. Peyton should be strong player of the team.

Tennis Team Has Impressive Season

Thoughts left academics when the 1987 tennis team stepped on the tennis courts. Serving and volleying were two of the things on their minds. The '87 tennis team anticipated a very successful season.

Coach Jennifer Belanger said, "This year's tennis team performed exceptionally well considering that, aside from three seniors and one sophomore, our team was composed entirely of freshmen."

The young team played their home matches at Westside Tennis Center, one of the newer clubs in Shreveport. Belanger also said, "Many of these younger players are very talented and have been participating in the new Junior programs throughout the area. So I expect an even better season coming up."

This years Raider tennis team have several returning lettermen. Representing the boy's team are Darryl Moore, Trey Malmay, Torrance Ashley, and Bryan Tulley. Each of these players represented the H.H.S. tennis team in regionals.

The JROTC program is designed to develop good citizenship and patriotism in each student. JROTC students are also given a chance to acquire basic military knowledge and leadership skills, and practical experience in developing skills in oral and written communications. The student is provided an opportunity to participate in practical exercises, drill, physical training, and other teaching techniques. Leadership is stressed throughout the program. The program of instruction is also designed to complement the school's overall curriculum. Special school and community service projects are conducted throughout the year in which all students are eligible to participate. These projects are a key part of the training in citizenship and patriotism. Extracurricular activities such as marksmanship, orienteering, and drill competition are conducted for interested students. Other social functions are held each year for those students who wish to participate.

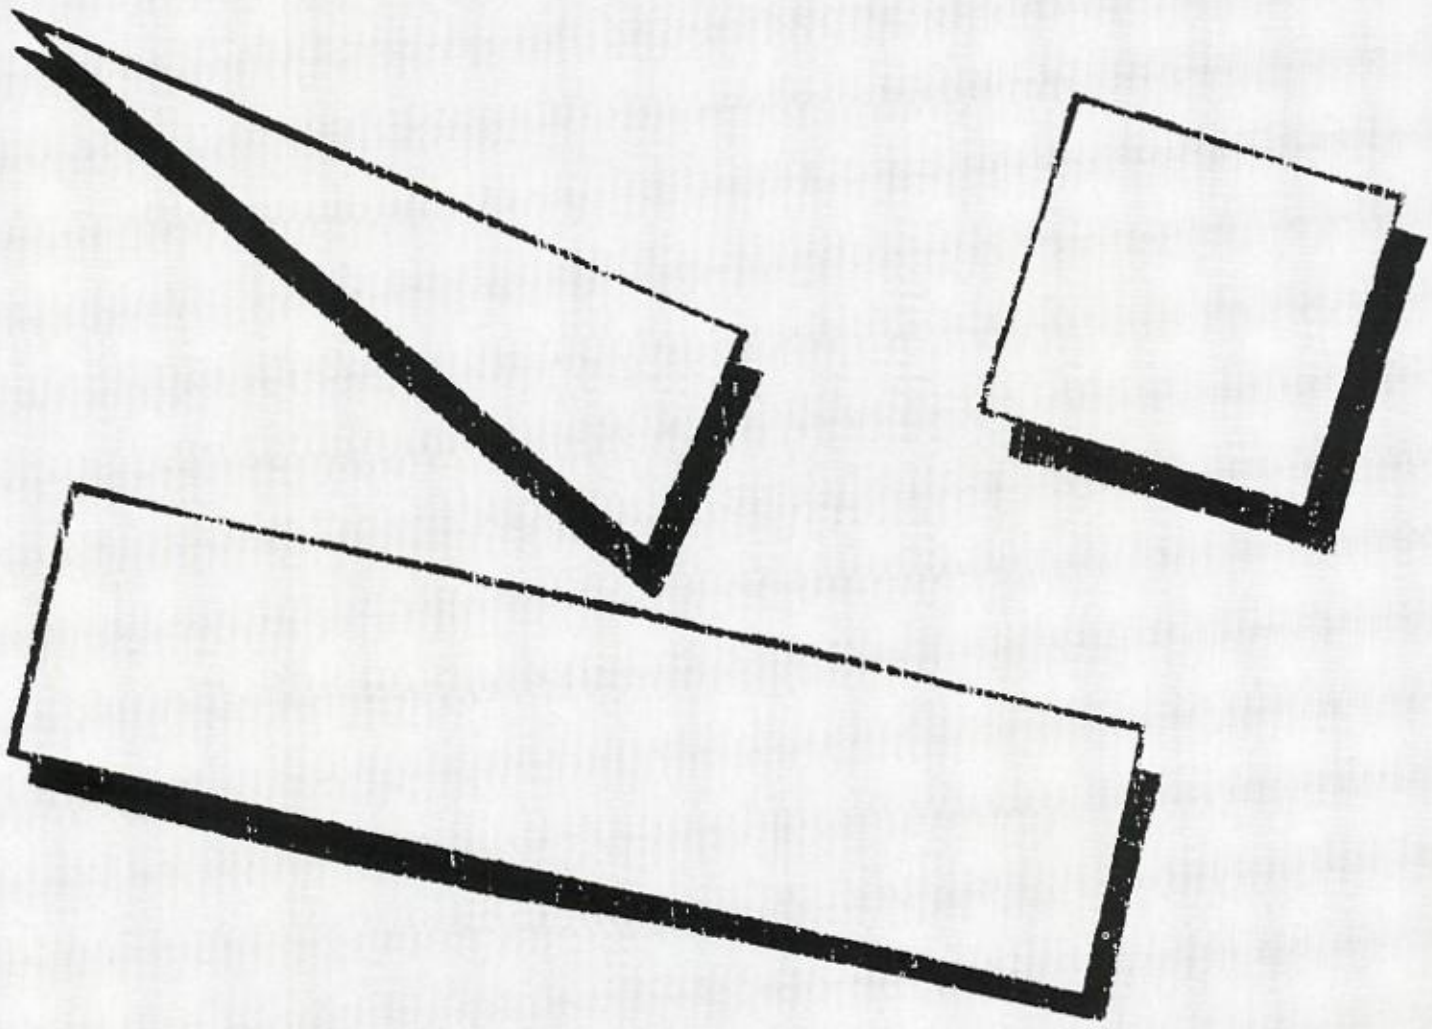
ORGANIZATIONS



Los Amigos

The Spanish Club's purpose is to practice the Spanish language in everyday situations, to become familiar with the customs and traditions of Spanish-speaking countries and to enhance and motivate involvement and participation of students taking the class as a credit. Their activities included foreign language festivals at LSU, GSU, and Stephen F. Austin, community and civic services (singing at zonvalescent homes and Mexican restaurants), displayed pinatas and antifacts made by students and the participation in spring carnival. Their goals were to complete and place in language festivals, to perfect the speaking of Spanish, and to practice proficiency through competitions and utilization of language. LOOKING FOR A WAY TO FINANCE YOUR EDUCATION?

WHY NOT LOOK INTO THE LOUISIANA ARMY NATIONAL GUARD!

"You may qualify for up to $32,000 for your continued education."

PAID COLLEGE TUITION: In the Louisiana Army National Guard you can receive PAID TUITION at any state funded college, university or vocational/technical school for **5 YEARS** or a Bachelors degree, whichever comes first.

NEW GI BILL: The new Educational Assistance Program provides up to $140.00 a month for 36 college months, paid directly to you.

COLLEGE LOAN REPAYMENTS: If you attend college or a vocational/technical school, and qualify to receive a Guaranteed Student Loan to help defray the cost of college, the Louisiana Army National Guard will repay up to $9,200 on a $10,000 loan (if you qualify upon enlistment and continue to meet the requirements).

PART-TIME JOB: In the Louisiana Army National Guard, you'll train one weekend a month and two weeks each summer after basic and Advanced Training. The pay is great and so are the benefits.

CASH BONUS: Many jobs you may choose to train in offer cash bonuses of up to $2,000, in addition to your pay and other benefits.

The Best Is Yet To Come . . .

Colophon

In Shreveport, Louisiana, at Huntington High School, a 27-member staff put together the 1988 *Galleon*, volume 16. The book was published by Josten's Publishing Company in Topeka, Kansas, and was served by Company Representative David Baker and Account Executive Gain Armstrong.

The 650 copies of the book contain 296 pages of 80-pound glossy paper. The cover was printed in the lithography process in four-color with a white background. Spot color in the student life section is Tempo Red and Tempo Blue. Body copy is set in 10 point Palatino and captions are set in 8 point Palatino.

The *Galleon* operated on a printing budget of approximately $30,000. Individual copies were $25. Funds for publication came from individual sales and advertising.

Staff members attended a summer journalism workshop at LSUS sponsored by Josten's in order to get ideas for creating the yearbook.

There are many people without whom this publication could not have become a reality. We would like to thank Dr. Archey for his encouragement, support, and faith in our judgment and ability. Thanks also to Mr. Lee Brown for serving as our financial adviser, and Mr. Warren Cross for assisting with photography. We truly appreciate the time and support so willingly given us by staff parents, the office staff, and many teachers, especially those teachers who participated in surveys, released students from class at deadline times, and volunteered services (typing, etc.), pictures, and equipment like computers and typewriters.

Most of all, special recognition, love, and gratitude go to the very outstanding members of this staff who sacrificed dozens of lunch periods and hours of free time in their dedication to making this a truly unique publication.

Jennifer Belanger,
1988 Adviser
